

Ordnance Office

War Department

Washington Aug. 29<sup>th</sup> 1882.

R. E. Preston, Esq.

Acting Director of the Mint.

Treasury Department.

Sir:—

I have to inform you that the Secretary of War and the General of the Army were much pleased with the Army Marksmanship gold and silver medals, and the Army Division Marksmanship gold and silver medals, and had no changes to suggest, except that it is thought that the pivot that attaches the ring and the suspending link is a trifle delicate and might be made a little stronger.

The Honorable Secretary of War is very desirous that bronze copies, with cases, but without bar and suspending links, be made of the following gold

gold and silver medals, which have already been delivered by the Mint, viz: -

18 Bronze copies of the 1<sup>st</sup> prize Army Division Marksmanship.

18 Bronze copies of the 3<sup>d</sup> class prize Army Division Marksmanship.

Bronze copies are also desired of the following medals now in course of construction at the Mint, viz:

18 Bronze copies of the Army Department Marksmanship gold medals

18 Bronze copies of the second class prize Army Division Marksmanship gold medals.

18 Bronze copies of the second class prize Army Marksmanship gold medals

I desire to be informed if it is possible for the authorities of the Mint in Philadelphia to furnish this office with photographic copies of the designs of the medals now being prepared thereat. As the medals themselves will not be ready for

for distribution for several months, these photographs are needed for the purpose of showing the winners in the several contests the kind of prize they will be entitled to.

An early reply will greatly oblige,

Respectfully,

Your obedient servant,

Jas. M. Whittemore

Acting Chief of Ordnance.
